

Now It's Easy to Recycle Single-use GlideScope and BFlex Products

By keeping single-use devices out of the landfill, we are providing the best of both worlds to our customers — reducing cross-contamination, and less waste for our planet.

As more than 5 million tons of medical waste is disposed of annually,¹ we're very aware of the impact single-use medical devices can have on our environment. That's why we've partnered with **Sharps Compliance's TakeAway Recycle System** to help divert waste away from our landfills and oceans.

The Single-use Products below Can Now Be Recycled

BFlex™ single-use bronchoscopes

Spectrum™ single-use video laryngoscopes

GlideRite® single-use stylets

Single-use GVL® stats

Easy to Set-up

Simply contact Sharps Compliance, the administrator of this program at 832-332-5926 or via email at kdillon@sharpsmws.com

Visit the Sharps website at sharpsinc.com/recycle-sud for more information.

Program is currently available in the U.S.
